Art.-Nr. 11-80412DT

Contact Grill Panini Master | top + bottom grooved | with digital timer

Description

The Classic Contact Grills are a reliable tool for the snack preparation. The hand-made grills from Germany offer a robust quality and easy operation. Massive cast iron plates ensure a superior heat storage. This guarantees a quick preparation and the perfect grill pattern on the food. The plates made of classic cast iron do not require a non-stick coating and are resistant to mechanical influences. Thus they can be cleaned intensively without any fear to damage the material. A digital timer adjustable to the second ensures consistent product quality, even with frequently changing staff. An acoustic signal reminds the user at the right time to remove the food so that it does not burn while performing other activities at the same time. The proven quality of the German manufactory and the constant material quality offer the user a solid working tool that he can rely on for many years.

- cast iron plates
- digital timer
- thermostat 50-300°C
- on/off switch
- pilot light
- height-adjustable feet
- juice tub
- grill plates top and bottom grooved
- grill surface 250x230 mm
- parallel grill plates with up to 70 mm thick food

Technical data

Electric power:	2,5 kW
Voltage:	230V
Supply frequency:	50Hz / 60Hz
Width x depth x height:	290 x 400 x 230/590 mm
Net-weight:	22 kg
Working area:	250 x 230 mm
