Art.-Nr. 05-50835
Hot Dog Station Street Food

Description

• Compact hot dog station with sausage warmer and hot food display for buns
• Capacity approx. 60 hot dog sausages and 30 hot dog buns
• Temperature for sausages and buns seperately adjustable
• The steamer keeps the sausages fresh for sale over a long time-period
• The sausages do not dry out and the taste does not suffer, as when cooked in water
• Stainless steel sausage basket
• A water container with 4 liters capacity ensures long running times
• Low water indication light
• Time to heat up approx. 30 minutes
• Temperature range of the water tank 65-97°C
• Temperature range of the bread warmer 15-82°C
• Optionally available (not included): Matching sauce bar with 3 refillable bottles and 2 tongs
