

Art.-Nr. 12-40734DT

Waffle Maker Lolly on a Stick |  
with digital timer | non-stick  
coated aluminium plates

## Description

The Event Waffle. Extremely short baking time of approx. 1 minute for 4 waffles, little cost of goods and striking design. Offers creative marketing possibilities like a christmas tree or a sword waffle.

Alternative model with non-stick coated cast aluminium plate: Easy cleaning, waffles release without sticking, less greasing necessary. On the other hand you have to work more carefully and without the use of metal tools. The surface is, like all non-stick coatings, more sensitive than pure cast iron.

- stainless steel casing
- baking plates non-stick coated aluminium – fix mounted
- on/off switch
- digital timer
- pilot light
- thermostat
- height-adjustable feet
- for 4 waffles of 60 x 25 x 230 mm
